

vorbis\_info

```
graph BT; vi[vorbis_info]; vds[vorbis_dsp_state]; vds -.->|vi| vi;
```

The diagram illustrates a pointer relationship between two data structures. At the top is a white rectangular box with a black border containing the text 'vorbis\_info'. At the bottom is a gray rectangular box with a black border containing the text 'vorbis\_dsp\_state'. A dashed purple line connects the bottom of the 'vorbis\_dsp\_state' box to the bottom of the 'vorbis\_info' box, ending in a solid purple arrowhead pointing upwards. To the right of the dashed line, between the two boxes, is the label 'vi'.
