

Catch::TestCaseInfo

```
graph BT; A[Catch::TestCase] --> B[Catch::TestCaseInfo];
```

A UML class diagram illustrating inheritance. The class 'Catch::TestCase' is shown in a grey box at the bottom, and the class 'Catch::TestCaseInfo' is shown in a white box at the top. A blue arrow points from 'Catch::TestCase' to 'Catch::TestCaseInfo', indicating that 'Catch::TestCase' inherits from 'Catch::TestCaseInfo'.

Catch::TestCase
